Please note: Extra postage will be required.

Do NOT hand-deliver this application to the Department of Health

IMPORTANT: Instructions and Requirements for the EMT License Renewal and Information concerning Extended Role Skills of Manual Defibrillation and Oral Endotracheal Intubation continues on the next 2 pages

Instructions/Requirements for EMT License Renewal and

Extended Role Skills of Manual Defibrillation and Oral Endotracheal Intubation

The Rules and Regulations Relating to Emergency Medical Services (R23-4.1-EMS) effective July 1, 1990 establish the following requirements for EMT license renewal. Applicants for EMT-Basic (EMT-B) or EMT-Intermediate (EMT-I) license renewal are required to successfully complete a Department of Health approved Refresher Training Program conducted under the supervision of a Rhode Island licensed EMS Instructor-Coordinator. Applicants for EMT-Cardiac (EMT-C) licensure renewal are required to complete this training plus an EMT-C Module 7 program conducted under the supervision of a R.I. licensed EMS Instructor-Coordinator. The EMT Refresher Training Program shall be completed prior to the expiration of the applicant's current license. Applicants for EMT-Paramedic (EMT-P) license renewal are required to maintain current registration with the National Registry of EMTs. **This** registration must have an expiration date greater than the current EMT-Paramedic license.

EMTs should be enrolled in a Department approved EMT Refresher Training Program <u>specific to their intended level of licensure renewal</u> that will finish prior to licensure deadlines. Successful completion of the specific level of EMT refresher program and current course completion of a Department approved Healthcare Provider level CPR will satisfy the training requirements for EMT license renewal. Failure to complete refresher training courses within the licensure deadlines may result in licenses lapsing before EMT licensure renewals can be processed.

To renew the extended role skills of manual Defibrillation and Oral Endotracheal Intubation requires the successful completion of state authorized practical examinations. Extended role skills examinations are for <u>recertification</u> candidates only. There are no fees for the renewal of extended role skills.

Pursuant to Section 23-4.1-10, the Department of Health established the following fee schedule specific to EMT Licenses and Examinations.

<u>License</u>	<u>Fee</u>
EMT license application fee	\$ 62.50 \$ 62.50
A) EMT examination	φ 02.50
B) Re-examination (as needed)	\$ 43.75

Per Section 23-4.1-10, the following categories of R. I. Licensed EMS providers are exempt from these fees:

- city or town services, vehicles and their employees
- volunteer or not-for-profit organization services, vehicles and individuals providing services therein
- fire district service, vehicles and individuals providing services therein

An application fee, if applicable, of sixty-two dollars and fifty cents (\$ 62.50) made payable by cashier's check or money order, to the General Treasurer, State of Rhode Island, must accompany the EMT license

application. In addition, for those applicants required to successfully complete a state EMT license examination, an examination fee, if applicable, of sixty-two dollars and fifty cents (\$62.50) made payable by cashier's check or money order, to the General Treasurer, State of Rhode Island must accompany the EMT license application. (Note: these fees are non-refundable.)

To renew the license, the applicant must:

- 1. In the designated section of the application booklet:
 - a. Indicate successful completion of a Department approved refresher training program completed prior to the expiration date of the applicant's current license and provide the course approval number. This information is available from the licensed Instructor-Coordinator responsible for the training program.
 - b. Indicate current completion of a Healthcare Provider or equivalent level CPR course as conducted by the American Heart Association, American Red Cross or National Safety Council.
 - c. Indicate (if applicable) current registration with the National Registry of Emergency Medical Technicians. Provide expiration date and registration number.
 - d. If affiliated with a RI EMS Department/Service, obtain the signature of the department/service chief.

Licensure is an individual responsibility and not the responsibility of the employer or supervisor. EMTs who fail to file a complete licensure application with the Division of Emergency Medical Services by their license expiration date should consider their EMT license lapsed. Continued practice as an EMT would be in violation of the Rules and Regulations Relating to Emergency Medical Services.

The Department will conduct an audit of EMT license applications for compliance with the above stated EMT license renewal requirements. Such audits, as randomly selected, shall require the EMT applicant to file proof of completion of the above training requirements for EMT license renewal. False/incorrect statements or documents may be considered sufficient cause to deny or revoke a license as an EMT in Rhode Island and may result in additional penalties as determined by law.

Should you have any questions regarding the EMT license renewal requirements or the completion of the application form, contact the Division of Emergency Medical Services at (401) 222-2401.

For this application, select the EMT License Renewal Level and Extended Role Skills, if applicable
